High Level Goal 5	a city that promotes health and wellbeing	21

Implementation Plan 2024 – 2025

This is the first Implementation Plan of the Galway City Local Economic and Community Plan (LECP) 2024 - 2029. It outlines the actions to be delivered for the two-year period from 2024 – 2025 and will be closely monitored and evaluated before being reviewed and revised to assist in the preparation of the second Implementation Plan 2026 – 2027. This new more flexible approach to the implementation of the LECP will allow Galway City Council and its partners to identify activity that may be not resulting in the expected impact and replace them with activity that may be better aligned to achieving the overall vision and goals of the LECP. The review will also allow new activity or focus to be added where policies, funding or changed circumstances dictate.

The Implementation Plan covers both community and economic elements across the 5 High-Level Goals and 17 Objectives of the LECP. Delivery structures and mechanisms have been identified for each action. Implementation Plans set out the agreed actions to be implemented that should contribute to the achievement of the Objectives and High-Level Goals outlined in the Framework LECP. The actions have been developed through prioritisation based on the Framework LECP, context and experience and the resources both human and financial available to implement the actions in this 2 year period.

The Galway City Local Economic and Community Framework Plan will operate over a six-year period from 2024, Implementation Plans, of which this is the first, will be developed every two years. These Implementation Plans will contain clear and measurable actions based on the High-Level Goals and Objectives in the Framework Plan and reflect the submissions received through consultation and current policy positions. The Implementation Plans are approved by the Local Community Development Committee and Galway City Council's Strategic Policy Committee on Economic Development. Responsibility for driving implementation, monitoring and reviewing the LECP rests with members of the LCDC, the Economic, Community and Cultural Development SPC and Galway City Council.

High Level Goal 1 — a world class creative city region

High Level Goal 1 — a world class creative city region

Sustainable Development Objective	Action	Action Outcome	Lead Partner	Collaboration Structure
Continue to support the development of the cultural sector , to further enhance Galway City's role as an innovative, inclusive and collaborative world-class city of renown	Implement actions in "New Directions – Strategic Plan for the Arts 2021 – 2026"	<p>Increase supports to engage artists directly with local communities (whose previous engagement with the arts and culture would have been limited) through area-based artists' residencies / artists in the community and creative places projects</p> <p>Implementation and delivery of specific projects including - Artists Residencies Programme; Arts Grant – Strand I & II; Band Grants; Individual Creative Practitioner Bursary; Culture Night; UNESCO City of Film; Youth Arts projects; Arts & Disability</p> <p>Further develop Cultural Partnership Scheme with long-standing arts and culture partners including Galway International Arts Festival, Macnas, Druid Theatre, Baboró, Galway Arts Centre and others to be agreed</p>	Galway City Council	Economic, Community and Cultural Development SPC / Arts Council
