Re: Temporary use of land as a construction compound associated with Uisce Eireann works, comprising temporary welfare cabins, office, toilet facilities, storage containers, parking of construction vehicles, storage of construction materials, plant and equipment, security fencing and associated temporary works

At: Murrough, Galway

A Chara,

I refer to your application for a certificate of exemption under the provisions of (Section 5 of the Planning & Development Act 2000) as amended, and I wish to advise as follows:

The proposed temporary construction compound associated with Uisce Éireann works is deemed to be Exempted Development under the provisions of Class 16 of Schedule 2 Part 1 Exempted Development – General of the Planning and Development Regulations 2001-2026 and therefore does not require the making of a planning application. Such structures, works, plant or machinery shall be removed at the expiration of the period, and the land shall be reinstated save to such extent as may be authorised or required by a permission under the Act.

It must be emphasised that this opinion is given without prejudice to the provisions of Section 5(3) of the Planning & Development Act 2000 (as amended).

If applicants are dissatisfied with the determination of the Council in relation to a declaration of exempted development, then, within 4 weeks of the date that the declaration is issued by the Council, the person issued with the declaration can refer it to An Coimisiún Pleanála for review of the matter.

Mise le meas,

Senior Planner,
Planning Department.
